Ayodele Daodu

Ayodele Daodu is a seasoned **project management** and **business analysis** professional with over a decade of experience in implementing and executing complex projects. As a Director and Tutor at **DECEL LIMITED**, a premier project management training organization, Ayodele brings a wealth of knowledge and practical expertise to aspiring project managers. His role at DECEL LIMITED involves not only directing but also delivering comprehensive training programs designed to equip students with the skills needed to excel in the dynamic field of project management. Ayodele's educational background is robust and diverse. He holds a Master's degree in **Logistics and Business Management**, where he was actively involved with the **Chartered Institute of Logistics and Transport UK (CILT)**. Prior to this, he earned a Bachelor's degree in **Industrial & Production Engineering**. Ayodele is also a certified

Prince2 Project Management Registered Practitioner. He recently completed the **Solace Emerging Leaders Apprenticeship** in conjunction with the Institute for Apprenticeships & Technical Education, a two-year program that awards a Level 5 Leadership and Operational Management Diploma. In addition to his formal education, Ayodele has attended numerous training programs that have significantly enhanced his teaching and project management capabilities. Notably, he holds an **EDI Credit Certificate** in Roles, Responsibilities and Relationships in Lifelong Learning, and Understanding the Principles and Practices of Assessment at Levels 4 and 3, respectively. In his professional journey, Ayodele has demonstrated exceptional leadership and project management skills. He currently serves as the **Senior Project Manager** for **New Homes – Capital Delivery**, where he oversees capital works programs with budgets up to £180 million. Ayodele's previous roles include **AWS Project Manager**, where he championed the delivery of the £3.5M Inclusive Economy Good Growth Affordable Workspace Capital Programme in partnership with the **Mayor of London's Good Growth Project** in Finsbury Park. This initiative led to the successful creation of the first affordable workspaces in Islington, including the renowned SPACE4 (Tech Space) and FC Designer Collective. His experience extends to other London Boroughs, where he implemented a web-based compliance software in response to the Grenfell Tower fire. As the Chairman of **Tech First Foundation (TFF)**, a non-profit organization dedicated to promoting technology education and innovation, Ayodele is committed to making a positive impact on the community. Ayodele's technical skills are extensive, covering various project methodologies such as **Waterfall**, **Agile**, **Scrum**, and **Prince2**. He is proficient in using project tools like **MS Project**, **Jira**, and **Confluence**, and has a strong command of analysis tools including **Visio**. His project delivery experience spans across **APAC** (Asia Pacific), **EMEA** (Europe, the Middle East and Africa), and **AMERS** (North, Central and South America) regions. While working as a **Global Project Coordinator**, Ayodele successfully delivered a global standard desktop environment, ensuring uniformity and security across 3500 PCs. At **DECEL LIMITED**, Ayodele aims to inspire and mentor the next generation of project managers. His innovative approach to teaching, combined with his practical experience, ensures that students receive a well-rounded education that prepares them for real-world challenges. Prospective students can look forward to learning from a dedicated professional who is passionate about project management and committed to their success. Ayodele Daodu's extensive experience, educational background, and commitment to excellence make him an exemplary leader and educator in the field of project management. His role at DECEL LIMITED and TFF showcases his dedication to fostering growth and innovation in the community. Join Ayodele at DECEL LIMITED to embark
